- Violin DI
- (1) Dohl drum
- (1) Violin
- (2) Tabla drums with (1) stand
- (1) Drum Pad
- Wireless in-ear system for the full band (controlled by laptop)

C) VIDEO

We want it! Do you have it? We run accompanying visuals with the performance through Mac computer with HDMI output.

Confirm video options:

- Screens OR
- LED walls OR
- Large televisions and/or custom video mapping

D) LIGHTING

Strobe lights and Haze on stage is OK. We will utilize house crew for set up and operation.

E) POWER

If not already North American power (120 vac @ 60 hertz), 3 step up transformers with plug board adapters must be provided to D2D for the duration of stay. These are used both in show, as well as during setup and strike.

F) F.O.H. REQUIREMENTS

Minimum 6 dual 18" subwoofers, PK SOUND is preferred. Peavey or Yorkville brands are not acceptable. D2D require a front of house engineer, they do not travel with one on crew. Although D2D use traditional acoustic instruments like violin, dhol, and tabla they are an electronic band and the front of house should be mixed as such. The music has bass-heavy electronic bed-tracks, thus bass and subwoofers are a must to ensure our music sounds as it's intended to. The bed-tracks (laptop) are to be the most prominent instruments in the F.O.H. and everything else should sit nicely in the mix, not on top of it.
